

Ex - 16 - Web app

The screenshot shows the Microsoft Azure portal interface. The top navigation bar includes the Microsoft Azure logo, a search bar, and user information. The main heading is "App Services" with a sub-heading "Default Directory". Below this, there are tabs for "Create", "Manage Deleted Apps", "Manage view", "Refresh", "Export to CSV", "Open query", "Assign tags", "Start", "Restart", "Stop", and "Delete". A filter bar shows "Subscription equals all", "Resource group equals all", and "Location equals all". A table with columns "Status", "Location", "Pricing Tier", "App Service Plan", "Subscription", and "App Ty" is visible, but it is empty. A large message in the center states "No app services to display" with a sub-message "Create, build, deploy, and manage powerful web, mobile, and API apps for employees or customers using a single back end. Build standards-based web apps and APIs using .NET, Java, Node.js, PHP, and Python." A "Give feedback" link is present.

The screenshot shows the "Create Web App" wizard in the Microsoft Azure portal. The top navigation bar is the same as the previous screenshot. The main heading is "Create Web App". Below this, there is a link "Need a database? Try the new Web + Database experience." The form fields are: "Name" (cloudallen), "Publish" (Code), "Runtime stack" (Select a runtime stack), "Operating System" (Linux), and "Region" (South India). A message at the bottom states "Not finding your App Service Plan? Try a different region or select your App Service Environment." Below the form, there is a "Pricing plans" section with a "Review + create" button and a "Next : Deployment >" button.

The screenshot shows the "Review + create" step of the "Create Web App" wizard in the Microsoft Azure portal. The top navigation bar is the same as the previous screenshots. The main heading is "Create Web App". Below this, there are tabs for "Basics", "Deployment", "Networking", "Monitoring", "Tags", and "Review + create". The "Summary" section shows "Web App by Microsoft" and "Free sku Estimated price - Free". The "Details" section shows the following information: Subscription (59b317e-b5c8-4f77-9128-5ea22cdb901d), Resource Group (cloudallen_group), Name (cloudallen), Publish (Code), and Runtime stack (.NET 7 (STS)). At the bottom, there is a "Validating..." button, a "< Previous" button, a "Next >" button, and a "Download a template for automation" link.
